

## *The Anti-Boring Jazz Experience*

For the past nine years, the Talking Ties have been transforming weddings, private events, and gala dinners into unforgettable musical experiences, with over 500 performances across Italy. Elegance, style, and energy blend together in shows that move, entertain, and ignite every audience.

From the timeless Italian classics of Carosone, Buscaglione, and Paolo Conte to international standards by Nat King Cole, Frank Sinatra, and Louis Armstrong, all the way to Italian and international pop hits reimagined in a fresh swing style. Each performance creates a unique atmosphere, perfect for ceremonies, dinners, or lively celebrations.

We perform on a fixed stage, strolling among guests as an itinerant band, or in a more intimate setup with our Folk Trio. Our lineups feature male and female vocals, trumpet, trombone, tuba, banjo, guitar, melodica, piano, double bass, drums, and washboard, delivering a distinctive and vibrant sound suitable for every moment of the event.

Customised repertoire and playlists, extra songs on request, and tailored musical consulting—every detail is crafted to provide complete entertainment from the first guest's arrival to the end of the day.

We are the soul of every celebration: refined and discreet when elegance is required, energetic and joyful when it's time to get the party started. Experience, professionalism, and versatility come together to turn every event into an unforgettable memory—ideal for couples, wedding planners, and event organisers seeking quality, reliability, and excellence.
